"Boxes north of river."

Fire alarms are sounded upon the tower bell at department headquarters by striking the number of the signal station nearest the fire, in this manner: If for box 4, four distinct strokes and repeated; if for box 13, one stroke, a short pause, then three strokes, and repeated, thus, 1-1-1, 1-1-1, etc. "27" is sounded for all fires within the district bounded by Fifth, Ninth, Jackson and Quincy streets.

TEX strokes, and repeated, followed by the number of the signal station nearest the fire, is the second alarm—for a serious fire.

THREE STROKES, followed by TWELVE, and repeated, is the GENERAL ALARM for a very dangerous fire and calls out that the alarm is given with a detail of police.

Two strokes, slowly, indicates FIRE IS OUT. One long whistle from water works for fire south of river. Three whistles from same, for fires north of river.
